# ABOUT US

## About Brewhouse and Kitchen

Brewhouse and Kitchen is the UK's largest and most innovative brewpub group

Founded in 2011 by pub industry trailblazers Simon Bunn and Kris Gumbrell, the entrepreneurs saw an opportunity to recreate the 'Great British Pub' – a great social space with knowledgeable, friendly teams, the best beer, wine & spirits (a range of craft beers are brewed on site by the resident brewer) and excellent food!

In addition, offering brewery experience days, beer and food matching experiences, beer master classes, and now craft gin tasting, across the group, makes B&K unique and different.

# INTERIORS

Each Brewhouse & Kitchen Brewpub is different from the next, in terms of size, location, function rooms, car parking etc., however they all have a microbrewery right in the heart of the pub, a fire pit, and a quirky, upcycled vibe to them.

The focus at B&K is to provide a great range of drinks, food and experiences, in a fantastic environment, served by friendly, knowledgeable staff

# FOOD

Our menu changes every six months during April and October, and our enticing pub classics such as fish & chips and are given a seasonal lift, as well as new dishes being introduced.

We offer a fantastic choice of burgers and a wide variety of Vegan and Vegetarian dishes

# OUR BEERS

At Brewhouse & Kitchen we serve over 70+ craft beers and ciders!

Each brewpub also brews their unique range of craft beers, and you can watch our award-winning Brewers at work on their microbrewery, right in the heart of the pub.

(ask them to show you their many awards for brewing amazing beers!!)

*We also serve a wide variety of wines, spirits, and softs too!*

# THE EXPERIENCES

At Brewhouse & Kitchen we LOVE to give you the very best experience – and that doesn't stop at food and drink!

Choose from learning how to brew beer on a Brewery Experience Day, tasting & sampling your way through the diversity of craft beer on our Beer Masterclass, or learning about the subtleties of craft gin on our very popular Gin Tasting Masterclass – all these experiences run each week in every B&K!
